

You didn't see police out on the ground at all.

LUNT

Aye there was police out. Pushing the crowd back.

Was this crowd already there when you.

LUNT

Aye the crowd was already there yes.

So was this just as you landed at the church.

LUNT

Yes when the crowd was coming up.

It didn't happen after you were sitting there for a while.

LUNT

Aye we were sitting there, we were sitting there like for about, say it was about, I don't know, about five/ten minutes, we were sitting there and the crowd started coming back.

So the police then weren't about the landrover when you saw it initially.
